Grantor warrants that Grantor has such title to the Premises as was conveyed to it by Grantee pursuant to the Purchase Agreement, and to such extent is lawfully seized and possessed of the Premises and every part thereof, and has the right to convey the same; subject to the foregoing, the Premises are unencumbered except for the Permitted Exceptions and the lien of the Primary Lender which for purposes of this Deed will be considered a Permitted Exception and to such extent Grantor will forever warrant and defend the title to the Premises unto Grantee against the claims of all persons whomsoever except as to the Permitted Exceptions.

Notwithstanding any provision or agreement in this Deed to the contrary, Grantee agrees that its Lien, any and all liens and security interests of Grantee hereunder, all other rights granted to Grantee hereunder, and all agreements and obligations of Grantor hereunder, shall be secondary and subordinate, in toto, to the lien, security interest and all other rights granted or to be granted to or in favor of a Primary Lender. This instrument is a deed and security agreement passing legal title pursuant to the laws of the State of Georgia governing loan or security deeds and security agreements and is not a mortgage; and is made and intended to secure the following:

a. Payment of the indebtedness with interest thereon evidenced by the Note, which has been delivered to and is payable to the order of Grantee, and any and all modifications, extensions, renewals and substitutions thereof;

b. Performance of all obligations of Grantor contained in this Deed and the Note or any other instrument given to evidence or further secure the payment and performance of any obligation secured hereby;

c. Payment of any and all other indebtedness now owing or which may hereafter be owing by Grantor to Grantee, however and whenever incurred.

All of the foregoing obligations secured hereby are collectively referred to herein as the "Secured Indebtedness".

This Deed, the Note and any other instrument given to evidence or further secure the payment and performance of any obligation secured hereby may collectively be referred to herein as the "Loan Instruments".

TO PROTECT THE SECURITY OF THIS DEED, GRANTOR HEREBY COVENANTS AND AGREES UNTO GRANTEE AS FOLLOWS:

ARTICLE I

DEFINITIONS

1.01 Defined Terms. As used in this Deed, terms defined in the Purchase Agreement shall have their defined meanings when used herein, unless otherwise defined herein, and the following terms shall have the following meanings:

"Indebtedness" shall mean and include, without duplication:

(i) All obligations which, in accordance with generally accepted accounting principles, should be classified on the Grantor's balance sheet as liabilities, other than (a) current liabilities incurred in the ordinary course of business of Debtor and which do not represent extensions of credit to the Grantor or (b) deferred taxes, deferred credits, pension and deferred compensation, reserves for anticipated losses, stockholders' equity and equivalent account;

(ii) rental obligations which, under generally accepted accounting principles, are required to be capitalized on the books of the Grantor, taken at the net amount thereof accounted for as indebtedness (net of interest expense) in accordance with such principles;

(iii) indebtedness secured by a lien or other encumbrance existing on property owned subject to such liens or encumbrances, whether or not the indebtedness secured thereby has been assumed;

(iv) guarantees, endorsements (other than endorsements of negotiable instruments for collection in the ordinary course of business) and other contingent liabilities (whether direct or indirect) in connection with the obligations, stock or dividends of any person and obligations under any contract which, in economic effect, is substantially equivalent to a guarantee;

(v) obligations under any contract providing for the making of loans, advances or capital contributions to any person, or for the purchase of the property from any person, in each case in order to enable any person primarily to maintain working capital, net worth or any other balance sheet condition or to pay debts, dividends or expenses;

(vi) obligations under any contract for the purchase of materials, supplies or other property if such contract (or any related document) requires that payment for such materials, supplies or other property shall be made regardless of whether or not delivery of such materials, supplies or other property is ever made or tendered;

(vii) obligations under any contract for the sale or use of materials, supplies or other property if such contract (or any related document) requires that payment for such materials, supplies or other property, or the use thereof, shall be subordinated to any indebtedness (of the purchaser or user of such materials, supplies or other property) owed or to be owed to any person; and

(viii) obligations under any contract for the sale of materials, supplies or other property requiring any person to sell such materials, supplies or property in return for advanced payments other than obligations to deliver such materials, supplies or property within a three month period from such advanced payment;

all as determined in accordance with generally accepted accounting principles.

"Obligations" shall mean (i) all the unpaid principal amount of, and accrued interest on, the Note in accordance with the terms thereof and all other obligations and liabilities of Grantor to Grantee, now existing or hereafter incurred, under, with respect to or in connection with the Note, (ii) any sums advanced or reasonable expenses or costs incurred by Grantee (or any receiver appointed hereunder) which are made or incurred pursuant to, or permitted by, the terms hereof, plus interest thereon at the rate herein specified or otherwise agreed upon, from the date of the advances or the incurring of such expenses or costs until reimbursed, (iii) any extensions, modifications, renewals and amendments of any such indebtedness, sums, expenses or costs described in subparagraphs (i) and (ii) above, whether or not Grantor executes any extension agreements, renewal notes or renewal security instruments; and (iv) any and all other indebtedness and obligations of Grantor

to Grantee whether now existing or hereafter arising, including, without limitation all obligations of Grantor to Grantee under the Purchase Agreement or this Deed.

"Primary Lenders" shall mean any one or more lenders or other entities, or any successors, assigns, replacements or substitutions thereof, providing any financing or replacement financing in connection with the acquisition by Grantor of the Purchased Assets.

"Proceeds" shall have the meaning assigned to it under the Georgia Uniform Commercial Code and, in any event, shall include, but not be limited to, (i) any and all proceeds of any insurance, indemnity, warranty or guaranty payable to Grantor from time to time with respect to any of the Premises, (ii) any and all payments (in any form whatsoever) made or due and payable to Grantor from time to time in connection with any requisition, confiscation, condemnation, seizure or forfeiture of all or any part of the Secured Property by any governmental body, authority, bureau or agency (or any person acting under color of governmental authority), and (iii) any and all other amounts from time to time paid or payable under or in connection with any of the Personal Property.

ARTICLE II

SECURITY AGREEMENT; ASSIGNMENT OF RENTS, ISSUES AND PROFITS; NOTE

2.01 Security Interest. Grantor hereby grants to Grantee a security interest in the Personal Property, including all Proceeds thereof, for the purpose of securing all obligations of Grantor contained in the Note and this Deed.

2.02 Assignment of Rents. Grantor hereby assigns and transfers to Grantee all the rents, issues and profits of the Premises, and hereby gives to and confers upon Grantee the right, power and authority to collect such rents, issues and profits. Grantor irrevocably appoints Grantee its true and lawful attorney-in-fact, at the option of Grantee at any time and from time to time, to demand, receive and enforce payment, to give receipts, releases and satisfactions, and to sue, in the name of Grantor or Grantee, for all such rents, issues and profits and apply the same to the indebtedness secured hereby; provided, however, that Grantor shall have the right to collect such rents, issues and profits (but not more than 30 days in advance) prior to or at any time there is not an event of default under any of the Loan Instruments which remains uncured and continuing. The assignment of the rents, issues and profits of the Premises in this Article II is intended to be an absolute assignment from Grantor to Grantee and not merely the passing of a security interest.

2.03 Collection Upon Default. Upon any event of default under any of the Loan Instruments, Grantee may, at any time without notice, either in person, by agent or by a receiver appointed by a court, and without regard to the adequacy of any security for the indebtedness hereby secured, enter upon and take possession of the Premises, or any part thereof, in its own name sue for or otherwise collect such rents, issues and profits, including those past due and unpaid, and apply the same, less costs and expenses of operation and collection, including reasonable attorneys' fees, upon any indebtedness secured hereby. The collection of such rents, issues and profits, or the entering upon and taking possession of the Premises, or the application thereof as aforesaid, shall not cure or waive any default or notice of default hereunder or invalidate any act done in response to such default or pursuant to such notice of default.

2.04 Assignment of Leases. Grantor agrees to assign and transfer to Grantee as additional security for the payment of the indebtedness secured hereby, all present and future leases upon all or any part of the Premises and to execute and deliver, at the request of Grantee, all such further assurances and assignments in the Premises as Grantee shall from time to time require, subject to Grantor's ability to effect an assignment thereof in favor of Grantee. In the event Grantor, as additional security, has sold, transferred and assigned, or may hereafter sell, transfer and assign, to Grantee, its successors and assigns, any interest of Grantor as lessor in any lease or leases, Grantor expressly covenants and agrees that if Grantor, as lessor under said lease or leases so assigned, shall fail to perform and fulfill any term, covenant, condition or provision in said lease or leases, or any of them, on Grantor's part to be performed or fulfilled, at the times and in the manner in said lease or leases provided, or if Grantor shall suffer or permit to occur any breach or default under the provisions of such assignment of lease or leases, then and in any such event, Grantee may, but shall not be obligated to, pay any amounts or take any other action reasonably necessary to cure or remedy such breach or default. Any amounts expended by Grantee in curing or remedying any such breach or default shall be added to and become a part of the Secured Indebtedness, shall bear interest at the Default Rate set forth in the Note and shall be due and payable by Grantor to Grantee on demand.

2.05 Grantee's Right of Possession in Case of Default. In any case in which under the provisions of this Deed, Grantee has a right to institute foreclosure proceedings, whether before or after the whole principal sum secured hereby is declared to be immediately due, or whether before or after sale thereunder, forthwith, upon demand of Grantee, Grantor shall surrender to Grantee, and Grantee shall be entitled to take actual possession of the Premises or any part thereof personally, or by its agent or attorneys. In such event Grantee in its discretion may, with or without force and with or without process of law, enter upon and take and maintain

possession of all or any part of said Premises, together with all documents, books, records, papers and accounts of Grantor or then owner of the Premises relating thereto, and may exclude Grantor, its agents or servants, wholly therefrom, and may as attorney-in-fact or agent of Grantor, or in its own name as Grantee and under the powers herein granted, hold, operate, manage and control the Premises and conduct the business, if any, thereof, either personally or by its agents, and with full power to use such measures, legal or equitable, as in its discretion or in the discretion of its successors or assigns, may be deemed proper or necessary to enforce the payment or security of the avails, rents, issues and profits of the Premises, including actions for the recovery of rent, actions in forcible detainer and actions in distress for rent, and with full power:

(a) to cancel or terminate any lease or sublease for any cause or on any ground which would entitle Grantor to cancel the same;

(b) to elect to disaffirm any lease or sublease which is then subordinate to the interest created by this Deed;

(c) notwithstanding any provision of this Deed to the contrary, to extend or reasonably modify any then existing leases and to make new leases, provided any such extensions and new leases may not extend beyond the later of any applicable redemption period or foreclosure sale of the Premises without the prior written consent of Grantor which consent shall not unreasonably be withheld;

(d) to make all necessary or proper repairs, renewals and replacements to the Premises as reasonably necessary;

(e) to insure and reinsure the same and all risks incidental to Grantee's possession, operation and management thereof; and

(f) to receive all of such avails, rents, issues and profits; hereby granting full power and authority to exercise each and every one of the rights, privileges and powers herein granted at any and all times hereafter, without notice to Grantor.

Grantee shall not be obligated to perform or discharge, nor does it hereby undertake to perform or discharge, any obligation, duty or liability under any leases. Grantor shall and does hereby agree to indemnify and hold Grantee harmless of and from any and all liability, loss or damage which it may or might incur under said leases by reason of any alleged breach by Grantor of its obligations or undertakings on its part to perform or discharge any of the terms, covenants or agreements contained in said leases prior to Grantor's taking possession of the Premises or any part thereof pursuant to this Section

2.05. Should Grantee incur any such liability, loss or damage, under said leases or under or by reason of the assignment thereof, or in the defense of any claims or demands, the amount thereof, including costs, expenses and reasonable attorneys fees, shall be secured hereby, and Grantor shall reimburse Grantee therefor immediately upon demand.

2.06 Application of Income Received by Grantee. Grantee, in the exercise of the rights and powers hereinabove conferred upon it by Section 2.02 through Section 2.05 hereof, shall have full power to use and apply the avails, rents, issues and profits of the Premises to the payment of or on account of the following, in such order as Grantee may determine:

(a) to the payment of the reasonable operating expenses of the Premises, including cost of management and leasing thereof (which shall include reasonable compensation to Grantee and its agent or agents, if management be delegated to an agent or agents and shall also include lease commissions and other compensation and expense of seeking and procuring tenants and entering into leases), established claims for damages, if any, and premiums on insurance hereinabove authorized;

(b) to the payment of taxes and special assessments now due or which may hereafter become due on the Premises;

(c) to the payment of all repairs, renewals, replacements, of the Premises, and of placing the Premises in such condition as will, in the judgment of Grantee, make it readily rentable;

(d) to the payment of any indebtedness secured hereby or any deficiency which may result from any foreclosure sale; and

(e) the excess, if any, shall be payable to Grantor.

2.07 Maturity. The principal amount of the Note will be due on December 31, 2001.

2.08 Interest. Interest on the unpaid principal amount of the Note shall be at the annual rate of 9% and shall be payable annually within 60 days after the anniversary of the effective date of the Rail Transportation and Services Agreement between Packaging Corporation of America and Grantor dated December 31, 1991 ("Transportation Agreement"); provided however, that all or a portion of the interest which would otherwise be payable on each Note shall be forgiven by Grantee as follows,

(a) If the total tonnage of freight delivered into and out of the paper mill located at Valdosta, Georgia owned by PCA as of the date hereof (the "Mill") during any year ("Grantor's Tonnage") is less than the Minimum Tonnage for the Mill, then all interest payable on the

Note relating to the Mill which would otherwise be payable on the next interest payment date shall be forgiven. As used herein, "Minimum Tonnage" shall mean 495,000 tons.

(b) If the Minimum Tonnage is attained during any year, then the Grantor shall pay interest on the next interest payment date on the Note in an amount equal to (i) 80% of the difference between the Minimum Tonnage and Grantor's Tonnage multiplied by (ii) Grantor's Revenue per Ton for such year; provided however, that the annual interest payment on the Note shall not exceed \$147,420 ("Maximum Amount of Interest"), and the difference between the interest payable as provided in this subsection 2.08(b) and the Maximum Amount of Interest shall be forgiven by PCA.

As used herein, the term "Grantor's Revenue per Ton" shall mean the gross revenues received by Grantor for Grantor's Tonnage for such year, divided by the Grantor's Tonnage for such year.

2.09 Payment. Payment of interest and principal will be made by wire transfer in U.S. dollars to an account to be designated by Grantee. In the event that Grantor fails to pay any interest or principal within 30 days after the due date as provided herein, Grantee may offset the amount of such payments against amounts owed by Grantor to Grantee under the Transportation Agreement.

2.10 Prepayment. The Note may be prepaid in whole at any time, or in part from time to time, upon not less than 30 days' notice to Grantee and PCA by paying the principal amount to be prepaid together with accrued interest to the date of prepayment.

ARTICLE III

REPRESENTATIONS AND WARRANTIES

Grantor hereby represents and warrants to Grantee as set forth below:

(b) Sell and dispose of the Premises at public auction, at the usual place for conducting sales at the courthouse in the county where the Premises or any part thereof may be, to the highest bidder for cash, first advertising the time, terms and place of such sale by publishing a notice thereof once a week for four

consecutive weeks (without regard to the actual number of days) in a newspaper in which sheriff's advertisements are published in said county, all other notice being hereby waived by Grantor; and Grantee may thereupon execute and deliver to the purchaser at said sale a sufficient conveyance of the Premises in fee simple, which conveyance may contain recitals as to the happening of the default upon which the execution of the power of sale, herein granted, depends, and said recitals shall be presumptive evidence that all preliminary acts prerequisite to said sale and deed were in all things duly complied with; and Grantee, its agents, representatives, successors or assigns, may bid and purchase at such sale; and Grantor hereby constitutes and appoints Grantee or its assigns agent and attorney-in-fact to make such recitals, sale and conveyance, and all of the acts of such attorney-in-fact are hereby ratified, and Grantor agrees that such recitals shall be binding and conclusive upon Grantor and that the conveyance to be made by Grantee, or its assigns, (and in the event of a deed in lieu of foreclosure, then as to such conveyance) shall be effectual to bar all right, title and interest, equity of redemption, including all statutory redemption, homestead, dower, curtesy and all other exemptions of Grantor, or its successors in interest, in and to said Premises; and Grantee, or its assigns, shall collect the proceeds of such sale, applying such proceeds as provided in Section 6.03 (in the event of deficiency, Grantor shall immediately on demand from Grantee pay over to Grantee, or its nominee, such deficiency); and Grantor agrees that in case of a sale, as herein provided, Grantor or any person in possession under Grantor shall then become and be tenants holding over, and shall forthwith deliver possession to the purchaser at such sale, or be summarily dispossessed in accordance with the provisions of law applicable to tenants holding over; the power and agency hereby granted are coupled with an interest and are irrevocable by death or otherwise, and are in addition to any and all other remedies which Grantee may have at law or in equity;

(c) Exercise any or all of the remedies available to a secured party under the Georgia Uniform Commercial Code, including, but not limited to:

(1) Either personally or by means of a court appointed receiver, take possession of all or any of the Personal Property and exclude therefrom Grantor and all others claiming under Grantor, and thereafter hold, store, use, operate, manage, maintain and control, make repairs, replacements, alterations, additions and improvements to and exercise all rights and powers of Grantor in respect to the Personal Property or any part thereof; and in the event Grantee demands or attempts to take possession of the Personal Property in the exercise of any rights under any of the Loan Instruments, Grantor promises and

agrees to promptly turn over and deliver complete possession thereof to Grantee;

(2) Without notice to or demand upon Grantor, make such payments and do such acts as Grantee may deem necessary to protect its security interest in the Personal Property, including without limitation, paying, purchasing, contesting or compromising any encumbrance, charge or lien which is prior to or superior to the security interest granted hereunder, and in exercising any such powers or authority to pay all expenses incurred in connection therewith;

(3) Require Grantor to assemble the Personal Property or any portion thereof, at a place designated by Grantee and reasonably convenient to both parties, and promptly to deliver such Personal Property to Grantee, or an agent or representative designated by it. Grantee, and its agents and representatives, shall have the right to enter upon any or all of Grantor's premises and property to exercise Grantee's rights hereunder; or

(4) Sell, lease or otherwise dispose of the Personal Property at public sale, with or without having the Personal Property at the place of sale, and upon such terms and in such manner as Grantee may determine. Grantee may be a purchaser at any such sale.

(5) Unless the Personal Property is perishable or threatens to decline speedily in value or is of a type customarily sold on a recognized market, Grantee shall give Grantor at least ten (10) days prior written notice of the time and place of any public sale of the Personal Property or other intended disposition thereof.

6.02 Foreclosure; Expense of Litigation. Grantor covenants and agrees to pay to Grantee all reasonable expenditures and expenses which may be paid or incurred by or on behalf of Grantee for attorneys' fees, appraiser's fees, stenographers' charges, publication costs, and costs (which may be estimated as to items to be expended after entry of the decree) of procuring all such abstracts of title, title searches and examinations, title insurance policies, Certificates of Title, either to prosecute such suit or to evidence to bidders at any sale which may be had pursuant to such decree the true condition of the title to or the value of the Premises. All expenditures and expenses of the nature in this paragraph mentioned, and such expenses and fees as may be incurred in the protection of the Premises and the maintenance of the interest of this Deed, including the reasonable fees of any attorney employed by Grantee in any litigation or proceeding affecting this Deed, the Note or the Premises, including probate and bankruptcy proceedings, or in

preparations for the commencement or defense of any proceeding or threatened suit or proceeding, shall be immediately due and payable by Grantor, with interest thereon at the rate of interest provided in the Note, and shall be secured by this Deed.

6.03 Application of Proceeds of Foreclosure Sale. The proceeds of any foreclosure sale of the Premises shall be distributed and applied in the following order of priority: first, on account of all costs and expenses incident to the foreclosure proceedings, including all such items as are mentioned in the preceding paragraph hereof; second, all other items which under the terms hereof constitute Secured Indebtedness additional to that evidenced by the Note, with interest thereon as herein provided; third, all principal and interest remaining unpaid on the Note; and fourth, any overage to Grantor, its successors or assigns, as their rights may appear.

6.04 Appointment of Receiver. Upon the occurrence of an event of default, Grantee, upon application to a court of competent jurisdiction, shall be entitled as a matter of strict right to the appointment of a receiver of the Premises, whether or not Grantee shall simultaneously exercise any of its other rights and remedies hereunder. Such appointment may be made without notice, without giving bond, without regard to the solvency or insolvency of Grantor or any other party liable for payment of the Secured Indebtedness at the time of application for such receiver and without regard to the then value or occupancy of the Premises, and Grantee or any other holder hereof may be appointed as such receiver. Grantor hereby irrevocably consents to the appointment of such receiver and waives all notice thereof. Such receiver shall have the power to collect the rents, income, issues and profits of the Premises and to apply the same in whole or in part to the reduction of the Secured Indebtedness, and to extend or modify any then existing leases and to make new leases, which extensions, modifications and new leases may provide for terms to expire, or for options to lessees to extend or renew terms to expire, beyond the maturity date of the Secured Indebtedness and beyond the date of the issuance of a deed or deeds to a purchaser or purchasers at a foreclosure sale, it being understood and agreed that any such leases, and the options or other such provisions to be contained therein, shall be binding upon Grantor and all persons whose interests in the Premises are subject to this Deed. Such receiver shall have all other powers which may be necessary or are usual in such cases for the protection, possession, control, management and operation of the Premises.

6.05 Withdrawal or Discontinuance of Proceedings. In case Grantee shall have proceeded to enforce any right, power or remedy under this Deed by foreclosure, entry or otherwise or in the event Grantee shall have commenced advertising the intended exercise of the right of foreclosure provided hereunder, and such proceeding or advertisement shall have been

withdrawn, discontinued or abandoned for any reason, or shall have been determined adversely to Grantee, then in every such case (i) Grantor and Grantee shall be restored to their former positions and rights, (ii) all rights, powers and remedies of Grantee shall continue as if no such proceeding had been taken, (iii) each and every event of default declared or occurring prior or subsequent to such withdrawal, discontinuance or abandonment shall and shall be deemed to be a continuing event of default, and (iv) this Deed, the Note, the Secured Indebtedness, or any other instrument concerned therewith, shall not be and shall not be deemed to have been reinstated or otherwise affected by such withdrawal, discontinuance or abandonment, and Grantor hereby expressly waives the benefit of any statute or rule of law now provided, or which may hereafter be provided, which would produce a result contrary to or in conflict with the above.

6.06 Remedies Not Exclusive. Grantee shall be entitled to enforce payment and performance of any indebtedness or obligation secured hereby and to exercise all rights and powers under this Deed, under any Loan Instrument or other agreement and under any laws now or hereafter in force, notwithstanding some or all of the said indebtedness and obligations secured hereby may now or hereafter be otherwise secured, whether by deed to secure debt, deed of trust, pledge, lien, assignment or otherwise. Neither the acceptance of this Deed nor its enforcement whether by court action or other power herein contained shall prejudice or in any manner affect Grantee's right to realize upon or enforce any other security now or hereafter held by Grantee, it being agreed that Grantee shall be entitled to enforce this Deed and any other security now or hereafter held by Grantee in such order and manner as it may in its absolute discretion determine. No remedy herein conferred upon or reserved to Grantee is intended to be exclusive of any other remedy herein or by law provided or permitted, but each shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute. Every power or remedy given by any of the Loan Instruments to Grantee, or to which it may be otherwise entitled, may be exercised, concurrently or independently, from time to time and as often as it may be deemed expedient by Grantee, and Grantee may pursue inconsistent remedies.

6.07 Sale in Parcels. In case of any sale under this Deed by virtue of the exercise of the power herein granted, or pursuant to any order in any judicial proceedings or otherwise, at the election of Grantee, the Premises or any part thereof may be sold in one parcel and as an entirety, or in such parcels, manner or order as Grantee in its sole discretion may elect, and one or more exercises of the powers herein granted shall not extinguish or exhaust the power unless the entire Premises are sold or the Secured Indebtedness paid in full.

ARTICLE VII

[INTENTIONALLY OMITTED]

ARTICLE VIII

DEFEASANCE

If all amounts secured hereby shall be fully paid and the covenants herein contained shall be well and truly performed, then all of the Premises shall revert to Grantor and the entire estate, right, title and interest of Grantee shall thereupon cease; and Grantee in such case shall, upon the request of Grantor and at Grantor's cost and expense, deliver to Grantor, proper instruments acknowledging satisfaction of this instrument.

ARTICLE IX

MISCELLANEOUS

9.01 Performance by Grantee of Grantor's Obligations. If Grantor fails to perform or comply with any of its agreements contained herein and Grantee, as provided for by the terms of this Deed and upon notice to the Grantor, may itself perform or comply, or otherwise cause performance or compliance, with such agreement. The expenses of Grantee incurred in connection with such performance or compliance, together with interest thereon at the rate provided for in respect of the Note delivered under the Purchase Agreement, shall be payable by Grantor to Grantee on demand and shall constitute Obligations secured hereby.

9.02 Limitation on Grantee's Duty in Respect of the Premises. Beyond the use of reasonable care in the safe custody thereof, Grantee shall not have any duty as to any of the Premises in its possession or control or in the possession or control of any agent or nominee of it or any income thereon or as to the preservation of rights against prior parties or any other rights pertaining thereto.

9.05 No Waiver; Cumulative Remedies. Grantee shall not by any act, delay, omission or otherwise be deemed to have waived any of its rights hereunder and no waiver shall be valid unless in writing, signed by Grantee, and then only to the extent therein set forth. A waiver by Grantee of any right or remedy hereunder on any one occasion shall not be construed as a bar to any right or remedy which Grantee would otherwise have had on any future occasion.
